

Mount Mary Serious Misquote needs to be corrected

In the Nov 6, 2006 edition of Ancaster News in the story headlined “Development Causes Concern” a story about the Mount Mary redevelopment I was seriously misquoted. On page two where the quote was bolded and framed, it read, “In my view what (the applicants) have asked for makes sense”.

My quote to Mike Pearson was exactly the opposite. It should have read “In my view what (the **residents**) have asked for makes perfect sense.

While the word may sound the same, they have the exact opposite meaning.

The editor of Ancaster News will be issuing a retraction in this week’s paper.

Please call me at my constituency office at 905-648-0864 if you have any further questions.
